

Thriving Neighbourhoods is an investment programme that gives you the opportunity to tell us how we can improve your estate.

We want to hear your suggestions for improvements. The process is very simple, complete the form on the council website by **Monday 31 October** to let us know what the improvement is and where it is, and we'll do the rest!

Ideas could include:

- new play equipment
- secure bike parking
- better recycling facilities
- storage
- improved security

Be involved in making a positive change to your community and neighbourhood.
